Just imagine your future with us...

Aurecon is committed to creating an inclusive culture that embraces diversity, equity and inclusion - and we provide our people with flexible working opportunities.

Aurecon is an Employer of Choice for Gender Equality, as awarded by the Workplace Gender Equality Agency (Australia), and are a founding member of The Diversity Agenda in New Zealand. We also have a Reconciliation Action Plan and hold Silver Employer status in the Australian Workplace Equality Index for LGBTI+ inclusion. Across our company, inclusive leadership is role modelled from the top and is an expectation of all.

Our flexible way of working includes our flexible start and finish times, working from home, part time and job share options. Aurecon also offers 3 weeks paid parental leave, two weeks paid partner leave, and other health services and benefits.

If this is how you would like to work, you'd be a good fit, we'd love to hear from you. We welcome people of all identities from all background and with diverse accessibility needs. We're curious about your career path and how we can support you to be your best.

Innovation, eminence and digital are at the heart of everything we do. Our digital team consist of Creative tech and Visualisation, Data analytics, Digital Enablement and Digital Automation. Unsigned Studio is the visualisation team, delivering films, stills, VR and creative projects for our clients.

The Role

We have an exciting opportunity for a mid-level 3D Artist to join Unsigned Studio. Our team of creative professionals use visualisation, interactive, and creative technologies across diverse projects for a broad range of clients and sectors, and throughout the project life cycle. This role covers all facets of production including stills, film, interactive, architectural design and communication.

Here are the key things you will do to 'bring ideas to life'.

- Model, texture, light, animate and render 3D scenes in a 3dsmax/Vray pipeline, both still and animated.

- Keyframing and rigging for bespoke animated sequences e.g. stylized diagram sequences, transport/mechanical animation, construction staging animation.
- Working with 2D motion graphics artists, follow style guides and animate 3D motion graphic sequences.
- Work as part of a close project team and follow existing studio pipelines.
- Assisting on projects and contributing creatively and technically.

What we are looking for

- Experience in architectural visualisation and animation shots with a broad generalist skillset is essential.
- A vivid imagination and a dedication to excellence with an ability to learn on the job
- Knowledge of 3DS Max, Vray and Adobe Suite.
- Experience in keyframing and animation.
- Postproduction skills for still images and animated shots is desirable as well as experience in Realtime 3D using Unity and/or Unreal
- A knowledge of post-production workflow in fusion and the use of 3D plugins such as Forest, Railclone, Anima, Phoenix, Tyflow is a bonus.

We value the difference each team member brings, and we look for people who have had a broad range of experiences and a growth and learning mindset.

About us

We've re-imagined engineering.

Unsigned studio is a global 3D visualisation studio within Aurecon.

We are a team of creative professionals that enable people to experience and explore urban environments and infrastructure like never before. We make journeys unforgettable and tell stories that connect.

We are a studio within global engineering and infrastructure advisory business - Aurecon. Our clients' ideas drive what we do. Drawing on our deep pool of expertise, we co-create innovative visualisation solutions with our clients.

Our work is underpinned by strategy, storytelling, creative technology and experimentation. We work across diverse projects for a broad range of clients and sectors, and throughout the project lifecycle.
